[A new meeting with the FLEX Romania scholarship holders, 2023-2024](#)

At the invitation of the American Councils for International Education, Romania Branch, CNRED representatives participated at the Romanian-American University in Bucharest, on April 7th, in a meeting with the new generation of FLEX Romania 2023-2024 scholarship holders.

The FLEX experience exchange program is funded by the State Department of the Government of the United States of America and aims to offer high school students from Romania the opportunity to live with an American family and study in an American high school during the 2023 academic year -2024. The FLEX program is implemented in Romania by the American Councils for International Education, in partnership with the United States Embassy in Romania and the Ministry of Education.

The representatives of CNRED had, again this year, the special pleasure of discussing with the Romanian scholars aspects regarding the recognition and equivalence of the studies carried out in the United States.
