[Evaluation visit to the European Center for Academic Information \(ENIC\) in Israel](#)

Representatives of CNRED - member of the European information networks for the recognition of diplomas ENIC-NARIC - have conducted, on April 5th, an assessment visit to its counterpart Center in Jerusalem, Israel.

The evaluation visit was conducted within the project Quality and Impact of Recognition Networks (IMPACT - Erasmus +), organized by NUFFIC Netherlands, which aims at: extending the quality and impact of recognition networks, interaction of evaluators in the ENIC-NARIC networks and impact assessment of the ENIC-NARIC networks on the recognition in the European Higher Education Area.

The visit of CNRED representatives was completed with formulating recommendations, through the implementation of the criteria set by the Lisbon Convention on the recognition (1997), to streamline the services offered by ENIC Israel.
