[CNRED received the evaluation visit of the representatives of the homologous Portuguese Center](#)

Representatives of CNRED - a member of European Information Networks on the Recognition of Diplomas ENIC-NARIC - received, on May 3th, an assessment visit from the homologous Portuguese Center.

The evaluation visit took place within the framework of the project Quality and Impact of Recognition Networks (IMPACT - Erasmus +), organized by NUFFIC Netherlands, which aims at: expanding the quality and the impact of recognition networks, evaluators' interaction within ENIC-NARIC networks and impact assessment of ENIC-NARIC networks on recognition in the European Higher Education Area.

The discussions were finalized with proposals to improve the services provided by CNRED, in the context of promoting examples of good practices used in the work of the homologous Center, with positive results in the interaction with the citizens who requested the recognition of studies in Portugal.
