[CNRED was invited by representatives of the European Parliament to the event dedicated to the recognition of periods of study in pre-university education](#)

Under the aegis of the European Parliament, CNRED was invited to Brussels on 21 March 2018 at the event dedicated to the recognition of pre-university education periods and the encouragement of academic mobility in secondary education through the ERASMUS + program.

The event was an opportunity to debate the studies carried out in the field, studies that showed that Romania, through the procedures implemented by CNRED and currently by the County School Inspectorates regarding the recognition of the pre-university education periods, is an example of good practices.

In addition to representatives of the European Parliament and the European Commission, the event was attended by the competent authorities in the field, members of the representations of the Member States to the European Union, representatives of the non-governmental organizations European Federation for Intercultural Learning, YouthIntergroup and European Educational Exchange Youth for Understanding, but also civil society.
