[CNRED, National IMI Coordinator for Professional Qualifications, and Competent Authorities position Romania above the European average for IMI Performance Indicators](#)

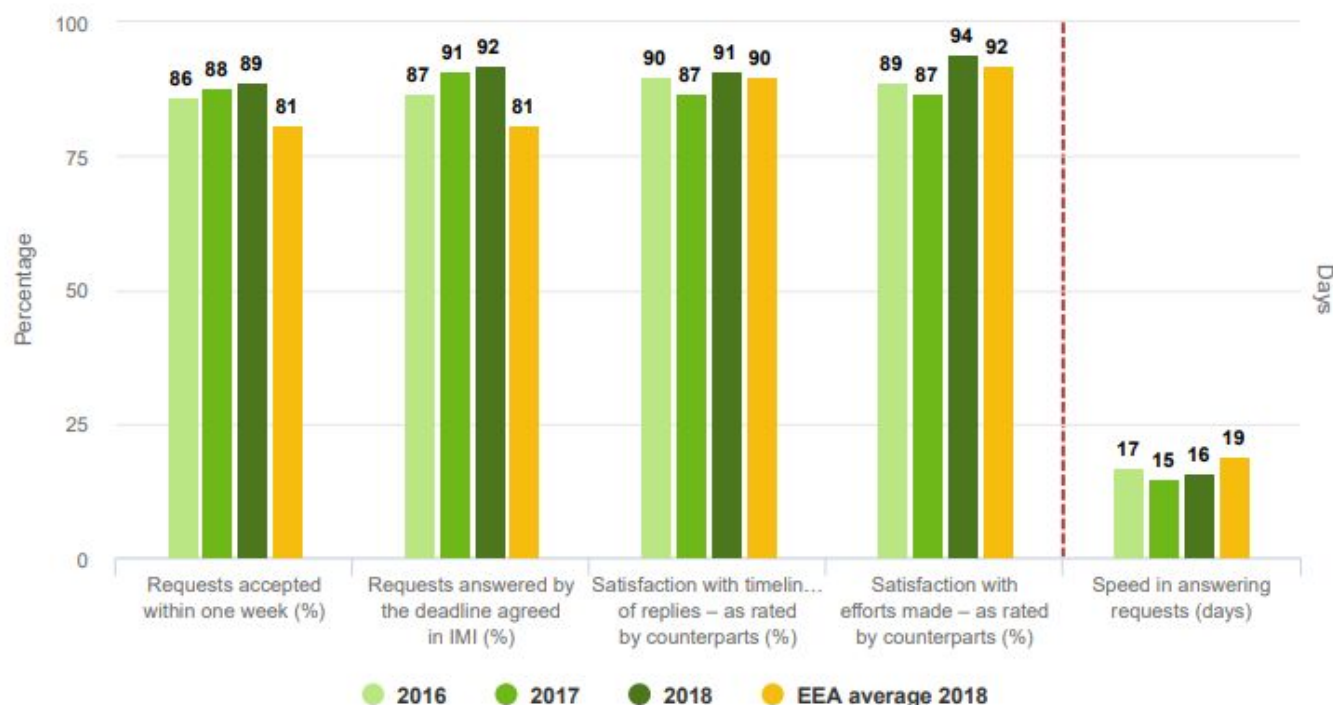

The European Commission published the Single Market Scoreboard for 2018 on 4 July, which highlights Romania's performance indicators for the Internal Market Information System (IMI):

Internal Market Information System

Performance – Romania has further improved its excellent performance.

- Romania further improved despite the very high volume of incoming requests (13% of all requests in IMI are sent to Romania).
- It improved in 4 out of 5 indicators, and all 5 were above the EEA average.
- Counterparts' satisfaction increased.

Internal Market Information System – Romania
