[Study visit to CNRED of representatives of the Counterpart Centre of Kazakhstan](#)

On 30th of January, CNRED received a visit from the Academic Mobility Centre and the Bologna Process in the Republic of Kazakhstan. Like the Romanian Centre, the Kazakh Centre is part of the ENIC Network of Information and Academic Recognition Centers.

The study visit aimed to provide best practices on procedures for the recognition of diplomas obtained abroad from an academic and professional point of view, as well as the mechanisms for authentication and targeting of study acts for citizens going abroad. In order to facilitate the recognition of educational acts, CNRED presented the structure of the education system in Romania, linking the principles of access to further studies and the Romanian labour market.
