[CNRED continues online the annual training sessions of the representatives of the School Inspectorates regarding the procedures for equivalence of the periods of studies carried out abroad](#)

CNRED started yesterday, on October 26, the online training sessions for the representatives of the County School Inspectorates regarding the procedures for equivalence of the study periods carried out abroad.

The aim of the workshops is to provide assistance for the procedures for equivalence of periods of study completed abroad, which correspond to high school education and periods of vocational and post-high school studies not completed with a diploma. These procedures are currently performed by the School Inspectorates.

CNRED thus continues the information actions regarding the implementation of the procedures for equivalence of studies conducted abroad.
